SUBJECT: **Listing of Pending Administrative Matters**
(For Commission consideration on July 6, 2017)

This report lists the administrative matters that are pending with the Commission. *Due to the cancellation of the meeting of July 6, 2017, and pursuant to Commission Regulation Section 10620(a), the Executive Director will take final action on these matters unless a Commissioner requests full Commission consideration by communicating with the staff prior to July 5, 2017.* In the absence of such a request, the listed matters will be executed administratively on or after July 5, 2017.

Administrative Permits and Federal Consistency Actions

The following administrative permit applications have been filed and are presently pending with the Commission. The Executive Director will take the action indicated on the matters unless the Commission determines that it is necessary to hold a public hearing.

Applicant: Chevron Pipe Line Company
9525 Camino Media, E2031
Bakersfield, CA 93311

BCDC Permit Application No. M2015.021.00md

Filed: 04/07/17

90th Day: 07/06/17

Location: Within the Commission's Primary Management Area of the Suisun Marsh, directly south of Birds Landing Road and approximately 1.5 miles west of the Birds Landing, in an unincorporated area of Solano County.

Description: To assess and conduct necessary in-kind repairs to segments of the Bay Area Products Line (BAPL) Sacramento Leg, a hydrocarbons pipeline, undertake the following activities:

1. Use an approximately 22,800-square-foot (0.52-acre) area for temporary construction staging and construct a 265-foot-long temporary access road (to be restored to pre-project conditions following construction activities);
2. Excavate an approximately 32,080-square-foot (800 feet long by 40 feet wide by 6 feet deep) (0.74-acre) temporary trench to expose an existing hydrocarbons pipeline, temporarily stockpile excavated soils at the project site, and backfill the trench with excavated soils upon the completion of pipeline repairs;

3. Perform repairs to corroded sections of the pipeline, such as patching, reconstruction, or partial replacement;
4. Install temporary erosion and sedimentation control devices, such as fencing and plastic sheeting to cover stockpiled soils (to be removed following construction activities); and
5. Restore areas disturbed by construction activities and revegetate as needed with native, non-invasive plant species.

The pipeline repair project will not result in Bay fill. The public does not currently have access to the project site, and the project does not include public access improvements.

Tentative Staff Position: Recommend Conditional Approval. (Jhon Arbelaez-Novak, 415-352-3649; jhon.arbelaez@bcdcc.ca.gov)

Applicant: Port of Oakland
530 Water Street
Oakland, California 94607

BCDC Permit Application No. M2017.002.00

Filed: 03/29/17
90th Day (extended): 08/26/17

Location: Within the Commission's 100-foot shoreline band jurisdiction and within a San Francisco Bay Plan-designated Airport Priority Use Area, at the Oakland International Airport, 1 Airport Drive, in the City of Oakland, Alameda County.

Description: Rehabilitate an airport runway ("Project 12/30") by undertaking the following activities:

Within the 100-Foot Shoreline Band

Place, use, and maintain in-kind approximately 2,800 cubic yards (cy) of material at an approximately 7,620-square-foot area to widen South Dike Road, approximately 22,000 cy of material at an approximately 8-acre area to construct a stability berm between Stations 97 to 130 and 135 to 186, and approximately 3,500 cy of material at a 1,200-foot-long section of a perimeter dike to raise the elevation.

This project will not result in Bay fill or public access improvements.

Tentative Staff Position: Recommend Approval (Hanna Miller; 415/352-3616; hanna.miller@bcdcc.ca.gov)
